Engine Identification The engine identification number is stamped into the engine block near the oil filter. It is sometimes covered in grime, carburetor cleaner or degreaser and a brush will allow you to read it. On the Spider 2000 engine (1979-1985) it is located just to the right of the oil filter. On all Spiders manufactured prior

Alfa Romeo Model Identification Alfa model designations can be somewhat confusing, particularly with the GT, GTV and Sprint names. The GT, GTV, and Sprint designations have been used on various models from the Giulietta Sprints of the mid 1950's through the GT's and GTV's of the 1960's and 1970's to the GTV/6 of 1987.

The Vehicle Identification Number (VIN) is found on the left front corner of the instrument panel, visible through the windshield. This number also appears engraved on an Aluminum plate glued and riveted on the floor crossmember under the passenger seat. **NOTE: It is illegal to remove or alter the VIN.** Vehicle Identification Number 6 INTRODUCTION
