Canadian Tax Principles

Return on equity is a measure of net income relative to a company's average stockholders' equity throughout the year. Thus, it conveys the amount of income generated for every dollar of equity capital. A high return on equity indicates that management efficiently used resources provided through owners' equity to generate income.

14-6 Questions Chapter 14 (Continued) 16. The unique feature of a corporation income statement is a separate section that shows income taxes or income tax expense.
